Reading Log

Keep up your daily reading log - write down how many pages you read each evening.

Date	Title
Monday	
Tuesday	
Wednesday	
Thursday	

From the teachers:

Our teacher has signed us up for the Sumdog challenge. The challenge runs from Friday 18th November to Thursday 24th November.

We can earn points for our school, class and ourselves. The more points we earn the more items we can buy for our Sumdog house.

Room 4 was in 9th place on Friday.

Turtle Safe

**If the earth begins to shake.
What do we do for safety's sake?
Get under a table and hold on tight.
And everything will be alright.**

If there aren't any tables or you're outside.

**We have a different way to hide.
Crouch on the ground and cover your head.
Just like a turtle tucked in bed.**

**They'll be no need to cry or yelp.
'Cause there's lots of people around to help.
But you must practice what to do.
Drop, cover and hold and you'll get through.**

Use an iPad or computer to look up the website - easyscienceforkids.com
Write down some interesting facts that you found out.

Draw a picture of what you would do at home, if there was an earthquake.

Think of 5 interesting words to describe an earthquake. For example, heave, juggling, etc.

Last week's earthquakes and aftershocks around Kaikoura and Wellington are a reminder for us all how important it is to have a safety plan in our homes and schools.

Activities:

Walk around your home with an adult. Decide what areas would be safe in an earthquake and those that would be dangerous. List the safe areas and dangerous areas in your home learning book.

Show an adult at home how to **Drop, Cover and Hold**.
